## Coming Advanced Biofuels Events [Click on event for more](#)

**information. Scroll below news articles for details and special deals for Advanced Biofuels USA readers.**

### • October

- [XIX International Symposium on Alcohol Fuels October 10-14, 2011 Verona, Italy](#)
- [Bioheat Northeast October 11, 2011 Pittsburgh, PA](#)
- [Northeast Biomass Conference and Trade Show October 11-13, 2011 Pittsburgh, PA](#)
- [Palmex Indonesia 2011 October 12-14 Medan, Indonesia](#)
- [Biodiesel and Renewable Fuels October 12-14, 2011 Houston, TX](#)
- [Naval Energy Forum: Creating Spartan Energy Warriors: Our Competitive Advantage October 13-14, 2011 Washington, DC](#)
- [3rd Annual OPIS RFS2, RINs & Biodiesel Forum October 13-14, 2011 Chicago, IL](#)
- [International Congress on Energy: Sustaining Supplies October 16-21, 2011 Minneapolis, MN](#)
- [2011 AiChE Annual Meeting October 16-21 Minneapolis, MN](#)
- [ICAO Aviation and Sustainable Alternative Fuels Workshop October 18-20, 2011 Montreal, Quebec, Canada](#)
- [Sunbelt Ag Expo October 18-20, 2011 Moultrie, GA](#)
- [Bioenergy Commodity Trading October 19-20, 2011 Copenhagen, Denmark](#)
- [1st World Congress of Environmental Biotechnology-2011 October 19-22 Dalian, China](#)
- [Low Carbon Earth Summit October 19-26, 2011 Dalian, China](#)
- [Algae Production Certification Program October 22, 2011 The Woodlands, TX](#)
- [Algae – A Midwest and Northern Climes Perspective October 24, 2011 Minneapolis, MN](#)
- [Chem-Biobased Global Partnering Summit October 24-26, 2011 Houston, TX](#)
- [Brazil as a Predominant Global Energy Player of the Future October 25, 2011 Rio de Janeiro, Brazil](#)
- [Biomass: From Grow to Go — A University of Tennessee Field Day and Workshop Event October 25-26, 2011 Vonore, TN](#)
- [EPA Biogenic Carbon Emissions Panel to Begin Work October 25-27, 2011 Washington, DC](#)

- [2011 Algae Biomass Summit October 25-27 Minneapolis, MN](#)
- [Florida Energy Summit October 26-28, 2011 Orlando, FL](#)
- [1st Annual World Congress of Agricultural Biotechnology October 28-30, 2011 Changchun, China](#)
- [Platts 6th Annual Next Generation Biofuels October 31-November 1, 2011 Chicago, IL](#)
- **November**
- [Southeast Biomass Tradeshow and Conference November 1-3, 2011 Atlanta, GA](#)
- [Producing High Value Chemicals through Industrial Biotechnology: Competition DEADLINE November 3, 2011](#)
- [Electrofuels Research November 6-9, 2011 Providence, RI](#)
- [An Introduction to Next Generation Biofuels November 7, 2011 San Francisco, CA](#)
- [The Pacific Rim Summit on Industrial Biotechnology & Bioenergy November 7-9 Kuala Lumpur, Malaysia](#)
- [Advanced Biofuels Markets USA November 8-10, 2011 San Francisco, CA](#)
- [SDTC Cleantech Focus: Canada's Path to Clean Economy Leadership November 9-10, 2011 Toronto, Ontario](#)
- [4th Algae World Asia November 15-16, 2011 Beijing, China](#)
- [Biofuels International expo & conference November 16-17, 2011 Antwerp, Belgium](#)
- [2011 Kentucky Agricultural Summit and Pre-Summit Symposium Bioenergy: A World of Opportunity November 17-18 Louisville, KY](#)
- [Future World of Biogas: Europe 2011 November 23-24 London, UK](#)
- [Canadian Renewable Fuels Association's 8th Annual Summit November 28-30, 2011 Calgary, Alberta, Canada](#)
- [Biobased Feedstocks For Fuels & Chemicals November 28-29, 2011 Singapore](#)
- [Arab Bioenergy November 29-30, 2011 Amman, Jordan](#)
- [2011 CAAFI General Meeting November 30-December 1, 2011 Washington, DC](#)
- **December**
- [Industrial Green Chemistry World December 4-6, 2011 Mumbai, India](#)
- [EnAsia 2011-Enabling Energy Dialogue December 5-6 New Delhi, India](#)
- [Bioenergy International Asia Expo & Conference December 7-8, 2011 Kuala Lumpur, Malaysia](#)
- **January 2012**
- [Keystone Farm Show January 3-5, 2012 York, PA](#)
- [Pacific West Biomass Conference & Trade Show January 16-18, 2012 San Francisco, CA](#)
- [12th National Conference on Science, Policy and the Environment: Environment and Security January 18-20, 2012 Washington, DC.](#)
- [3rd Annual Bio-Based Chemicals Summit January 23-26, 2012 San Diego, CA](#)
- [2nd Annual Global Biofuels Summit January 25-26, 2012 Barcelona, Spain](#)
- [EUEC 2012 January 30-February 1 Phoenix, AZ](#)
- **February**

- [Canadian International Farm Show February 7-9, 2011 Toronto, Ontario, Canada](#)
- [Renewable Energy World Conference & Expo North America February 14-16, 2012 Long Beach, CA](#)
- [National Ethanol Conference February 22-24, 2012 Orlando, FL](#)
- [51st Annual Western Farm Show February 24-26, 2012 Kansas City, MO](#)
- [Third Annual ARPA-E Energy Innovation Summit February 27-29, 2012 National Harbor, MD](#)
- **March**
- [World Biofuels Markets March 13-15, 2012 Rotterdam, The Netherlands](#)
- [Bio-Based Chemicals Summit March 13-14, 2012 Rotterdam, Netherlands](#)
- **April**
- [International Biomass Conference & Expo April 16-19, 2012 Denver, CO](#)
- [2nd World Congress of Bioenergy-2012 April 25-28 Xi'an, China](#)
- [World Congress on Industrial Biotechnology and Bioprocessing April 29-May 2, 2012 Orlando, FL](#)
- **May**
- [2012 ACT Expo May 15-17 Long Beach, CA](#)
- **June**
- [International Fuel Ethanol Workshop & Expo June 4-7, 2012 Minneapolis, MN](#)
- [ACI's European Biodiesel Summit June 13-14, 2012 Krakow, Poland](#)
- **July**
- [PALMEX Riau 2012 July 5-7 Pekanbaru, Indonesia](#)
- **2013**
- **January**
- [AgConnect Expo January 29-31, 2013 Kansas City, MO](#)

## Happenings on Capitol Hill, at the White House and in Federal Agencies

### **Your Knowledge and Help STILL Needed to Educate Congress and the Obama Administration!**

You can provide specific examples of job creation in the world of biofuels and advanced biofuels. **YOU CAN** describe where that boldness and investment should be focused. During their visits to their home offices, meet with your Senators and

Representatives to educate them about the jobs creation that comes from real production of real products in this country--products and technologies that will benefit not only the US, but the world. Call your Senators and Representatives today to tell them real stories about real people!

If you can't meet with your elected officials in person, don't hesitate to **meet with their local staff**. These are the people who put together information for your elected officials. These are the people who need to understand your business in depth so they can explain it and make recommendations about policy choices to their bosses--your Senators and Representatives.

Help them understand. Spend 15 minutes telling your story; invite them to your business location or to an advanced biofuels organization meeting in their district. YOU CAN do this.

WE CAN help. Use the Advanced Biofuels USA website resources such as our Biofuels Basics section complete with PowerPoint slide presentations; give us a call or drop us a line with questions. We are happy to help.

For example, in the top photo, **Robin Summerfield** of **Senator Ben Cardin's (D-MD)** Western Maryland office tours Advanced Biofuels USA board member, **Professor Craig Laufer's** lab at Hood College in Frederick, MD, and learns about research into biofuels-related enzyme development research. In the next photo board member **Bob Kozak** talks with his **Congressman, Roscoe Bartlett (R-MD 6th)** about renewable, sustainable advanced biofuels and the research Bob's company is doing.

- See more articles on the latest proposed legislation and federal activities: [Federal Agency](#) and [Federal Legislation](#).

## Conference Attendance

One of the ways that Advanced Biofuels USA keeps the lines of communication open with the advanced biofuels industry and other audiences for information and education about advanced biofuels is by attending and participating in conferences, expos, hearings, press conferences and educational gatherings.

Volunteer Research Associate, **Josh Rathod**, a biology student at Hood College in Frederick, MD, recently attended RETECH, a conference on renewable energy technologies of all kinds held in Washington, DC. You can read his report [here](#). It's a candid observation of the highlights of the discussion and presentations

through eyes of a representative of the generation that will implement the research being done now over the next 50 years. [READ MORE](#)

---

## Projects Underway: Education Highlights

### Resource for Journalists

Advanced Biofuels USA strives to provide a well-rounded source of information for a variety of audiences from legislators and their staffs at local, state and federal levels to journalists and reporters to students, teachers and the general public, as well as to industry professionals in all aspects of the value chain. We often provide one-on-one consultation with a variety of individuals; and do occasional interviews with reporters for the record and on background. We often refer reporters and others to a variety of resources in addition to those on our web site.

---

## Telling Our Story

Initially prepared for a middle school class, "**What's So Advanced About Advanced Biofuels?**" grew and is appropriate for any individual or group beginning to think about advanced biofuels.

The presentation answers the questions: What Are Advanced Biofuels? Why Are They Important? What Are They Used For? How Are They Made? Can We Buy Them NOW? It also includes a class/group activity to develop a deeper understanding of the concept of sustainability from economic, environmental and

social perspectives. After the exercise and a review of some elements pertinent to each of those legs of the sustainability analysis stool, the presentation goes into deeper discussions of the make-up of plant cells, explanations of cellulose, hemicellulose and lignin. We hope in future presentations or additions to this presentation to delve into the properties and construction of algae and cyanobacteria, as well. The presentation wraps up with a list of jobs related to an advanced biofuels industry. The materials are provided in PDF documents on the [Slides and Presentations for Public Use](#) page of the Biofuels Basics section of our web site. If you would like access to the original PowerPoint slides with teaching narrative notes, please contact Joanne Ivancic at [info @ advancedbiofuelsusa.org](mailto:info@advancedbiofuelsusa.org).

[Download What's So Advanced about Advanced Biofuels presentation](#)

[Download presentation slides notes pages](#)

**As Always:** Keep an eye on our web site category "[Education](#)" and its subcategories such as "[Education: For Teachers](#)," as well as the [Biofuels Basics](#) section with it's page of [Slides and Presentations for Public Use](#). We'll share information about educational materials and projects as we hear about them. If you have developed teaching materials or projects about biofuels and advanced

biofuels that you are willing to share, please contact us at [info@advancedbiofuelsusa.org](mailto:info@advancedbiofuelsusa.org)."

---

## Upcoming Advanced Biofuels Conferences and Activities: Some Details

- **Biodiesel and Renewable Fuels October 12-14, 2011 Houston, TX**

A Three-Day Industry Forum Highlighting the Latest Industry Advances and Best Practices in Renewable Fuels

- Federal regulatory developments
- Biodiesel tax credit
- Implementation of the Renewable Fuels Standard-2
- Economic and environmental considerations of biodiesel

technologies

- Leading the race for commercial-scale advanced biodiesel and chemicals
- Partnering for finance, technology, end-user markets and feedstock
- Key drivers for biodiesel commercialization
- The various emerging market applications for biodiesel

The conference is ideally suited for Chief Executive Officers, Chief Operations Officers, Compliance Officers and other health executive/senior managers interested in proactively planning, implementing and operating a successful and productive biodiesel service— Representing Biodiesel Producers, Distributors, Providers and Trade Associations. - **Palmex Indonesia 2011 October 12-14 Medan, Indonesia**

The 3rd PALMEX Indonesia 2011 (Palm Oil Asia 2011) is the only specialized Palm Oil event in Asia that brings together an international congregation of both upstream and downstream palm oil companies and also its supporting industries gathered in the capital city of North Sumatera, Medan to showcase the latest developments in the palm oil industry.

North Sumatera, home to one of Indonesia's largest concentration of oil palm plantations and also the presence of many supporting facilities such as palm oil processing plants making its capital Medan the perfect venue for the show. This unique event seeks to educate the public on the importance of the palm

oil industry in Indonesia and the future trends of palm oil in the region. More than 4,000 industry professionals from more than 10 countries would be expected to turn up at this event. The international character and regional audience of PALMEX Indonesia 2011 provides unparalleled marketing, education and networking opportunities.

**Highlights Of PALMEX INDONESIA 2011:**

- Palm Oil Networking Nite
- Palm Oil Plantation & Processing Facility Visit
- Biofuel Plant Visit
- Palm Oil Technology Seminars [READ MORE](#)

**5th Annual Algae Biomass Summit October 24-27, 2011 Minneapolis, MN**

The Algae Biomass Organization's 5th annual **Algae Biomass Summit** will take place October 24-27, 2011 at the Hyatt Regency in Minneapolis, MN. This dynamic event unites industry professionals from all sectors of the world's algae utilization industries including, but not limited to, financing, algal ecology, genetic systems, carbon partitioning, engineering & analysis, biofuels, animal feeds, fertilizers, bioplastics, supplements and foods. The Summit brings current and future producers of biobased products and energy together with algae crop growers, municipal leaders, technology providers, equipment manufacturers, project developers, investors and policy makers. It's a true one-stop shop – the world's premier educational and networking junction for all algae industries.

Summit tracks focus on the following:

- Biology
- Engineering
- Analysis
- Commercial Activities
- Policy
- Financing [READ MORE](#)

**2011 Florida Energy Summit October 26-28 Orlando, FL**

The 2011 Florida Energy Summit, hosted by the Florida

Department of Agriculture and Consumer Services (DACS) October 26 through 28 in Orlando, [will](#) be a gathering place where stakeholders assemble to help create and advance policy to further the development of the state's energy industry. The Summit will attract leaders from the energy development, energy provider, agricultural, government, academic and financial communities. For the past five years DACS hosted the Farm to Fuel Summit. In 2011, the Florida Legislature moved the responsibilities of the Florida Energy and Climate Commission to DACS, creating the Department's Office of Energy. With the new addition of the Office of Energy, DACS is expanding its role in the energy sector. As such, the Farm to Fuel Summit has been expanded to the Florida Energy Summit in order to encompass not only agricultural based fuels, but also all renewable energy and conservation activities in the state. ### **Platts Next-Generation Biofuels October 31- November 1 Chicago, IL**

Platts Next-Generation Biofuels gives you the insights and the contacts you need to keep up with the evolving biofuels industry. Hear about the key issues facing next-generation biofuels:

- Government policy and support including loan guarantees
- The state of technology development, both biochemical and thermochemical routes
- Biomass logistics and economics — Is sugar the new crude?
- Economics of production — Real costs of operations and materials
- Case studies of collaboration, development, overcoming challenges

Attendees and speakers include executives from petroleum refiners, venture capital and other investors, ethanol producers, government officials, automotive and biotech companies creating new fuels and infrastructure. [READ MORE](#)

---

### **Electrofuels Research November 6-9, 2011 Providence, RI**

In order to ensure our national security, it is imperative that we change the way we produce and use energy. To aid this goal, SBE is initiating a new Conference series on Electrofuels Research to be held **November 6-9th in Providence, Rhode Island.**

The conference will bring together the nation's key players in energy innovation: engineers, scientists, venture capital investors, technology entrepreneurs, large corporations, and government officials to share ideas and discuss innovative research strategies

in developing and deploying new ways to make liquid transportation fuels.

Specifically, the processes to be discussed do not use petroleum or biomass; instead, microorganisms are used to harness chemical and electrical energy from sources such as solar-derived electricity or hydrogen or earth-abundant metal ions to convert carbon dioxide into liquid fuel. Electrofuels research shows promising results in producing fuel in massive scale and at a low cost, enabling the possibility of reducing the country's immense demand for oil. Electrofuels research proposes an entirely new paradigm for the production of liquid fuels that could utilize approaches in metabolic engineering and synthetic biology to produce the next generation of biofuels.

The following topics will be explored throughout the conference.

- Advances in Electrofuels (4 part session)
- View from the Industrial World
- Hydrogen and CO<sub>2</sub> Supply
- Algae – Molecular Biology
- Algae – Issues of Cultivation/Bioprocessing
- The Business Side of Electrofuels (Panel discussion) [READ MORE](#)

### **Advanced Biofuels Markets November 8-9, 2011 San Francisco, CA**

The Green Power Conferences and Biofuels Digest “Advanced Biofuels Markets” conference will feature a large proportion of Advanced Biofuels Company CEOs of the “50 Hottest Companies in Bioenergy” — including leading Advanced Biofuels Company Executives, Venture Capitalists and Investment Bankers, Corporate Strategic Investment and Alliance Executives, EPC firms and industry suppliers, who are driving the Commercialization Strategies, and solving the challenges, of

Biofuels and Renewable Chemicals Drive to Commercialization. Join us November 8-10, 2011 in San Francisco as we explore and advance the discussion of strategy and execution for the “Race for Scale”

#### **Conference Highlights:**

- Over 20 CEO Speakers from the Leading Biofuels and Renewable Chemical Companies
  - Announcement of the Winners of the “50 Hottest Companies in BioEnergy” Awards by Biofuels Digest
  - Extensive Networking and Business Development Opportunities with leading biofuels company executives, corporate partners and financing sources [READ MORE](#)
-

**4th Algae World Asia November 15-16, 2011  
Beijing, China**

*“Resource Potential Analysis, Experience And Facilities For Algae Production In Asia/China”*

**Key highlights**

- Commercial viability and economic analysis
  - Challenges in bringing algae to commodity scale – can we grow enough algae, at what cost ?
- Can Algae be an alternative protein source for animal feed and for the growing aquaculture industry ?
  - Genetic Engineering of Microalgae to produce high-end products
  - Large Scale Cultivation of MicroAlgae in diverse wastewater
  - Improving economics of downstream processing/extraction technologies

**Optional Site Visit on 16th Nov Afternoon ENN International Algae Facility** [READ MORE](#)

---

**Biofuels International expo & conference  
November 16-17, 2011 Antwerp, Belgium**

Hosted annually, **Biofuels International expo & conference** attracts biofuel producers and plant owners. Organised by the leading publication, Biofuels International ([www.biofuels-news.com](http://www.biofuels-news.com)), the event is now celebrating its fourth year in Europe.

After the global 2010 recession the biofuels market in Europe is looking forward to a prosperous 2011 and sustained growth. With the European biofuel market gaining support from the government and the public, the event has relocated to the Antwerp Expo to offer a larger exhibition with a diverse offering of exhibitors and speakers. With conference topics including regional reports, biofuel use, economics and challenges, Biofuels International offers its attendees an insight into the European Biofuel market. [READ MORE](#)

**Future World of Biogas: Europe 2011 November**

## 23-24, 2011 Copenhagen, Denmark

ACI's **Future World of Biogas: Europe 2011** will be bringing together biogas industry leaders and experts who will head two days of talks and presentations looking at the most current developments and strategies for producing biogas. We will hear and discuss the most up-to-date and effective technologies, strategic solutions and innovations heading this growing industry sector in an informative and thought provoking platform ideal for meeting and networking with your peers.

**Future World of Biogas: Europe 2011** will be looking at the future potential of biogas as an energy source and what areas will expect maximum growth. We will also look at case study examples of biogas power plant developments including strategies implemented, considerations when planning and evaluating power purchase agreements.

The two day conference will comprise of a series of informative formal presentations from senior executives and experts including panel discussions, allowing you to maximise the productivity of your two days at the event.

### Key areas of discussion:

- European biogas policy and regulatory assessments
- Current and future biogas market overviews
- Raw materials for biogas production
- Strategies for setting up a biogas plant
- Case study examples from biogas production facilities
- Commercial challenges for expansion
- Current and future technological developments
- What direction will biogas will take in the future [READ MORE](#)

## Biobased Feedstocks For Fuels & Chemicals

November 28-29, 2011 Singapore

The conference will highlight the following issues: Economic Feasibility of Current Pretreatment & Conversion Technologies [READ MORE](#)

- Availability & Sustainability of Supply of Agricultural Waste & Woody Biomass from **South East Asia & South America**
- Price Determinants & Economics of Conversions
- Joint Ventures & Collaboration Potential (e.g. Upward/Downward Integration in the Value Chain)
- Competing Usages/Applications of Feedstock (**Biofuels, Biobased chemicals & Biomass-to-power**)& Opportunity Costs
- Scrutiny of Sugar, Oil and Cellulose-based Feedstock for Bio-Applications [READ MORE](#)

**Canadian Renewable Fuels Association 8th Annual Summit November 28-30, 2011 Calgary, Alberta, Canada**

The Canadian Renewable Fuels Association's (CRFA) 8th Annual Summit is being held at The Westin Calgary in beautiful downtown Calgary Alberta from November 28 to 30, 2011. This year's theme is **Growing Our Energy Diversity** and will attract participants from across North America and all corners of the ethanol and biodiesel

industries, including grain and cellulose ethanol producers, biodiesel producers, Canada's leading petroleum companies and agriculture associations.

Canada is now a frontrunner in the worldwide effort to create clean, renewable sources of transportation fuel. From an economic standpoint, our industry generates \$2 billion in economic activity each and every year and has created more than 14,000 jobs in total – most of those in rural Canada. At the same time, renewable fuels production will help to reduce GHG emissions by over 4.2 mega-tonnes. This is the equivalent of taking over 1 million cars off the road each and every year. [READ MORE](#)

---

**Commercial Aviation Alternative Fuels Initiative General Meeting and Expo November 30-December 1, 2011 Washington, DC**

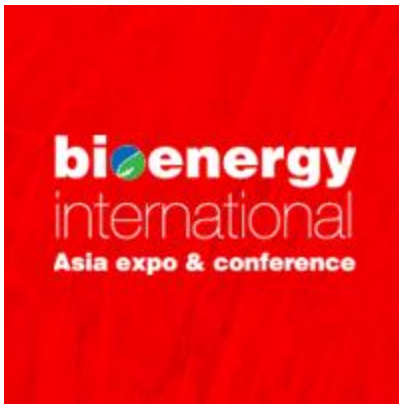

The CAAFI **General Meeting** is the meeting place where alternative aviation fuel professionals from throughout the world gather to discuss, and solve, the challenges they face, and map the future of this new dynamic industry. The "by-invitation-only" CAAFI Conference format includes high-level keynote addresses

from government and industry leaders, panel presentations, large and small group discussions, break-out sessions, and a series of networking events.

This year's **CAAFI General Meeting** has two component parts: A 'by-invitation-only' Conference for alternative aviation professionals, and an Expo that will introduce the industry to a larger audience. The Expo is located immediately adjacent to the conference room, providing a way for fuel producers and others in the industry to showcase the products they offer and the approaches they are taking. ## **Bioenergy International Asia Expo & Conference**

**December 7-8, 2011 Kuala Lumpur, Malaysia**

The Bioenergy International Asia Expo & Conference has been held in Kuala Lumpur for the previous two years. The 2010 sell out event proved successful and popular and attracted over 300 attendees. With a growing circulation of Biofuels International and the surrounding international businesses specialising in Biofuel production the event has moved to a larger venue - the Kuala Lumpur Convention Centre, Kuala Lumpur.

The two day event features an exhibition with international companies showcasing themselves and innovative ideas. The conference includes a full programme of current topics performed by key industrial figures. The event enables business to business networking in a friendly and accessible location. [READ MORE](#)

## **2nd Annual Global Biofuels Summit January 25 - 26, 2012 Barcelona, Spain**

Seven different perspectives about biofuels from the world's leading companies.

Our international panel of expert speakers from representing regulatory bodies, oil&gas companies, biofuel producers, automotive companies, the aviation industry, research centres and banks will each cover biofuel and the most critical of issues in

their own perspectives.

A variety of presentations from leaders from the different industries and companies such as **logen, Air France, Petrobras, ExxonMobil, Neste Oil, Credit Suisse, PKN Orlen, British Airways, Ford of Europe, Rabobank, Mossi & Ghisolfi Group** and many others will give attendees a more complete understanding of how to tap the potential of biofuels. You can also be a part of our round table sessions and panel discussions.

## **Renewable Energy World Conference & Expo North America February 14-16, 2011 Long Beach, CA**

Please join us for the ninth annual Renewable Energy World Conference & Expo North America – North America's leading all renewable event.

Why Attend?

- Stay up-to-date with the latest technological advancements in all the renewable energy sectors through attending this ONE event
- Network with colleagues and business prospects during the co-located networking events
- Share best practices in the interactive conference sessions
- Receive in-depth training in a Competitive Power College (CPC) Pre-Conference Workshop
- Gain Professional Development Hours

Who Attends?

- Power Generating Utilities, Independent Power Producers, Municipal Utilities and Cooperatives
- Local, State and Federal Government
- Energy Advisory and Planning Agencies
- Research and Training Institutions
- Large Energy Users
- Renewable Energy Site Owners and Managers
- Manufacturers of Renewable Energy Systems
- Consultants in Renewable Energy
- Renewable Energy Architects, Engineers and Construction Representatives [READ MORE](#)

### **World Biofuels Markets Exhibition March 13- Netherlands**

**Congress & Exhibition** returns once again bring together the biofuels industry to do

**EUROPE'S LARGEST  
EXHIBITION:**

- **1500+ attendees from 80**
- **70% of attendees at Director+ level**
- **2 months** of travelling condensed into **3 days** of networking and meetings
- **275 expert speakers in 25 focused sessions with 2 co-located conferences**
- **70 exhibitors** so you can meet the market leaders and learn more
- **25 hours** of networking time in the **co-located exhibition area** [READ MORE](#)

### **Congress & 15, 2012 Rotterdam,**

The World Biofuels Markets to Rotterdam for 2012, to entire value chain of the business..

• **The World Congress on Industrial Biotechnology & Bioprocessing April 29 - May 2, 2012 Orlando, FL**

The World Congress on Industrial Biotechnology and Bioprocessing is the world's largest industrial biotechnology event for business leaders, investors and policy makers in biofuels, biobased products, and renewable chemicals. Entering its ninth year, the event is expected to bring together more than 1,000 high-profile scientists, executives, government officials and investors for an exchange of ideas in Orlando.

The event offers unique networking opportunities, an overview of the latest technological developments, and real world scenarios for bringing technological solutions to market. The Congress features discussions of high profile topics related to climate change, sustainability, new sources of fuel, financing, and policy. The conference also offers business partnering opportunities, utilizing a computer system that assists companies and investors alike in arranging confidential one-on-one meetings with other attendees.

A Poster Session and Exhibit Hall will provide attendees with an unparalleled opportunity to converse with their colleagues and learn about the latest developments in the field of industrial biotechnology and bioprocessing. We are excited to bring this conference to Toronto to highlight the industry's growth, the importance of this industrial and environmental biotechnology for generating green jobs, making greener products and cleaner processes all aimed at building a biobased economy. [READ MORE](#)

**ACI's European Biodiesel Summit June 13-14, 2012 Krakow, Poland**

The leading annual event specifically for the European biodiesel industry, ACI's European Biodiesel Summit will be taking place on 13-14 June 2012 in Kraków, Poland. The previous events held in Brussels, Prague, Barcelona and Rotterdam have attracted senior executives from all areas of the biodiesel industry including agribusiness, feedstock traders and suppliers, transportation companies, biodiesel producers, oil refiners, NGOs, financiers, automotive companies, technology providers and plant manufacturers among others.

Gain direct access to the senior level audience through enhanced visibility and exposure to attract new business. A wide range of opportunities are available, all of which can be finely tuned to match your exact requirements.

LOTOS Biopaliwa's Czechowice-Dziedzice Biodiesel Plant Afternoon of Tuesday 12th June Limited to 30 conference attendees. [READ MORE](#)
