[Click on event for more information.](#)

[Scroll below news articles for details and special deals for Advanced Biofuels USA readers.](#)

**2014**

**October**

- [Alternative Fuels and Propulsion Systems: Reducing Aviation's Impact on the Environment October 21, 2014 London, UK](#)
- [ACI's 3rd Carbon Dioxide Utilisation Summit 2014 October 21-23 Bremen, Germany](#)
- [3rd International Frontiers in Biorefining Conference October 21-24, 2014 St. Simons Island, GA](#)
- [Lignobiotech III Symposium October 26-29, 2014 Concepcion, Chile](#)

**November**

- [7th Annual Airports Going Green Conference November 3-5, 2014 Chicago, IL](#)
- [F.O. Licht's World Ethanol & Biofuels November 3-6, 2014 Budapest, Hungary\\*](#)
- [Large-Scale Algal Cultivation, Harvesting and Downstream Processing November 3-7, 2014 Mesa, AZ](#)
- [Workshop: Waste-to-Energy Roadmapping November 5-6, 2014 Arlington, VA](#)
- [ASTech International Conference Green Aviation November 6-7, 2014 Le Bourget, France](#)
- [Golden Opportunity To Take Dealership Of Renewable Oil & Gas Manufacturing Machines Summit 2014 November 8, 2014 New Delhi, India](#)
- [ABLNext 2014: The Next: Technologies, Feedstocks, Business Models, Products and Markets November 10-12, 2014 San Francisco, CA](#)
- [Tennessee AgriTech Challenge November 11, 2014 Murfreesboro, TN](#)
- [Open Workshop on Microalgae Market November 12, 2014 Brussels, Belgium](#)
- [Venice 2014 – Fifth International Symposium on Energy from Biomass and Waste November 17-20 Venice, Italy\\*](#)
- [Renewable Energy Latin American & Caribbean Conference & Exhibition \(RELACCx\) November 20-22, 2014 Fajardo, Puerto Rico\\*](#) Scroll down for discount information.

## December

- [F.O. Licht's Ethanol Latin America December 1-3, 2014 Panama\\*](#)
- [EABA Global Conference and 8th International Algae Congress December 1-3, 2014 Florence, Italy](#)
- [Biofuels to Bioeconomy: Canadian Bioeconomy Conference December 1-3, 2014 Toronto, Ontario, Canada](#)
- [Roundtable on Sustainable Biomaterials Auditor Course December 1-3, 2014 Miami, Florida](#)
- [8th International Algae Congress December 2-3, 2014 Ghent, Belgium](#)
- [Dupont Summit 2014 on Science, Technology, and Environmental Policy December 5 Washington, DC](#)

- [Pacific Rim Summit on Industrial Biotechnology & Bioenergy December 7-9, 2014 San Diego, CA](#)

## 2015

### January

- [Southern Crossroads: Progress In the Science & Technology of Biomass Production, Processing and Use February 2-4, 2015 Auburn, AL](#)
- [8th International Undergraduate Research Symposium \(IURS 8\) January 5 – 9, 2015 Goa, India](#)
- [Keystone Farm Show January 6-8, 2015 York, PA](#)
- [Military Mobile Power Summit January 13-14, 2015 Alexandria, VA](#)
- [ACI's The Future of Aromatics 2015 January 14-15 Amsterdam, Netherlands](#)
- [Fuels of the Future 2015 January 19-20 Berlin, Germany](#)
- [World Future Energy Summit January 19-22, 2015 Abu Dhabi, United Arab Emirates](#)
- [Lignofuels 2015 January 21-22 Madrid, Spain](#) \* Scroll down for special discount information.
- [Bio-Markets Asia – Biomass Supply Chain & BiofuelsWorld January 26-29, 2015 Jakarta, Indonesia](#)
- [2015 Ag Connect Expo and Summit January 27-29, 2015 Indianapolis, IN](#)
- [BioPlastics: The Re-Invention of Plastics via Renewable Chemicals January 28-30, 2015 Miami, FL](#)

### February

- [6th Annual Next Generation Bio-Based and Sustainable Chemicals Summit February 3-5, 2015 New Orleans, LA](#)\*
- [ARPA-E Energy Innovation Summit February 9-11, 2015 Oxon Hill, MD](#)
- [RFA's 20th Annual National Ethanol Conference \(NEC\): Going Global February 18-20, 2015 Grapevine, TX](#)
- [ACI's 4th Carbon Dioxide Utilization Conference 2015 February 25-26 San](#)

## Antonio, TX

### March

- [21st International Symposium on Alcohol Fuels \(The 21st ISAF\) March 10-14, 2015 Gwangju, Korea](#)
- [South-East European Exhibition on Energy Efficiency and Renewable Energy March 11-13, 2015 Sofia, Bulgaria](#)
- [AMI's Green Polymer Chemistry 2015 March 18-19 Cologne, Germany](#)
- [ACI's 4th Annual Gasification Summit March 24-26, 2015 Prague, Czech Republic](#)
- [ACI's Annual Lignofuels Americas Summit March 25-26, 2015 Milwaukee, WI](#)

### April

- [International Biomass Conference and Expo April 20-22, 2015 Minneapolis, MN](#)

### May

- [Alternative Clean Transportation Expo May 4-7, 2015 Dallas, TX](#)

### June

- [Fuel Ethanol Workshop and Expo \(FEW\) June 1-4, 2015 Minneapolis, MN](#)
- [European Biomass Conference and Exhibition June 1-4, 2015 Vienna, Austria](#)

### July

- [19th Annual Green Chemistry & Engineering Conference \(GC&E\) July 14-16, 2015 N. Bethesda, MD](#)

### August

- [International Conference and Exhibition on Biopolymers and Bioplastics](#)

[August 10-12, 2015 San Francisco, CA](#)

## September

- [2nd International Conference on Past and Present Research Systems of Green Chemistry September 14-16, 2015 Florida](#)

2016

## May

- [ACT Expo May 2-5, 2016, Long Beach, CA](#)

## On-Going or Regularly Scheduled Events

- [Extension Programs: NewBio Webinars 2nd Tuesdays](#)
- [Ethanol Safety Seminars Various Dates, Locations– Responding to Ethanol Emergencies – Are you Prepared?](#)

## Congratulations! Celebrating Innovation

Congratulations to POET's Project LIBERTY which celebrated the grand opening of its cellulosic ethanol plant in Emmetsburg, Iowa, in early September

[\(READ MORE\)](#).

### ABENGOA

And to ABENGOA on the grand opening of its Hugoton, Kansas cellulosic ethanol/bio-based chemicals and products plant in mid-October [\(READ MORE\)](#)

Turning crop residues into transportation fuels and other bio-based products, decreasing our collective transportation carbon footprint, increasing energy security, adding to US jobs and economic development.

Heart-felt thanks to everyone who persisted through the rough times to bring these important projects to life.

## Happenings on Capitol Hill, at the White

## House and in Federal Agencies

### ***Agriculture Secretary Tom Vilsack Addresses OBIC Bioproducts World Showcase and Conference; "Why Biobased?" Report Released***

USDA's new report "[Why Biobased?](#)" is the first comprehensive federal quantification of the job opportunities and other economic benefits of the growing biobased products and renewable chemical industry which was showcased at the OBIC

Bioproducts World Showcase and Conference October 6-8 in Columbus, Ohio.

In conjunction with the release of the report, **USDA Secretary Tom Vilsack** spoke about the importance and value of biobased products; the value of agriculture to creating a sustainable future; and the role of the USDA's BioPreferred program in promoting use of biobased products. [READ MORE](#) [Download Report](#)

Advanced Biofuels USA has begun paying more attention to biobased products and chemicals as co-products of advanced biofuels production. Board member, **Dr. Barbara Vieira**, OBIC Assistant Director, and Treasurer, **Bob Kozak**, met with Showcase visitors.

The Embassy of Belgium's Trade Commissioner, **Gilles Ghilippart de Foy**, at right with Bob Kozak, talked about biofuels and biobased product development in the European Union and the US.

## White Paper on Feedstock for Next Gen Biofuels Published

Robert Kozak of Atlantic Biomass Conversions contributes his thoughtful approach to answering these questions posed by [Biofuels Digest's Jim Lane](#): *“As the first wave of cellulosic biorefineries launch — is there really enough affordable feedstock for the next wave? Can growers make enough money to justify the switch...and risk?”*

Kozak’s answer, after outlining the current weaknesses in current biomass development philosophy for feed, fuel, chemicals and bio-based products, is: “Yes, if we realistically address the financial realities of feedstock producers and feedstock buyers” and he proposes root crops as a viable solution to these challenges.

He bases his arguments on cell wall structure, lack of pesky lignin, and potential for over-wintering in situ to address storage logistics, etc. (Photo: sugar beet pulp, a food-processing residue) [READ MORE](#) [Download Paper](#)

**What I Can Do to Lessen Our Addiction to Oil? Advanced Biofuels USA Publishes Some Suggestions**

George W. Bush urged the US to “get off our addiction to oil.” He talked about biofuels made from switchgrass as one solution. So, how are we doing? OK, but we still have a ways to go. We have replaced 10% of our transportation fuel with renewables, using ethanol, biodiesel and renewable diesel; and renewable jetfuel on a few commercial airline flights. Can we do better? You bet!

Advanced Biofuels USA [published a few suggestions](#) that anyone can do every day.

From learning about the fossil-fuel divestment movement; divesting as an individual and getting colleges/universities, religious organizations, communities and businesses to divest their fossil fuel interests (and invest in renewable alternatives) to looking for fuel stations with installed ‘blender pumps’ that give customers a choice of ethanol blended fuels and *high octane benefits* (see photo) to asking airlines when they will start using biojetfuel on commercial flights.

Every individual can do his or her part to bring about a sustainable renewable energy future.

[Click here](#) to get practical, easy-to-do suggestions to promote, encourage and use advanced biofuels, including URL links for more information. [Click here for a PDF handout.](#)

**And don't miss: 4 Minutes With...Joanne M. Ivancic, President,  
Advanced Biofuels USA**

*Biofuels Digest* recognizes the millions around the world who make renewable, sustainable energy and related products and chemicals happen by highlighting individuals from all aspects of these efforts in a "4 Minutes With" segment. [Visit for four minutes with these folks here](#), including Advanced Biofuels USA's Joanne Ivancic.

**Future Events: Come Visit Us!**

***Lecture on The Past, Present, and Future of Biofuels November 7 at  
Villanova University***

**VILLANOVA**  
UNIVERSITY  
IGNITE CHANGE. GO NOVA.

At the invitation of **Dr. Charles Coe** of Villanova's Chemical Engineering Department, Joanne Ivancic will present answers the questions: What Are Advanced Biofuels? Why Are They Important? What Are They Used For? How Are They Made? Can We Buy Them Now?

Emphasizing economic, environmental and social sustainability, the conversation will include challenges and issues that must be overcome and resolved if this world can have successful, useful advanced biofuels production.

## ***Keystone Farm Show January 6-8, 2015 York, PA***

For the fourth year, Advanced Biofuels USA exhibits at the Keystone Farm Show. A great way to spend some cold winter days -- visting with and learning from full-time farmers in Pennsylvania, New Jersey, Maryland, and Northern Virginia.

Come see us in booth H308 in Building 3 on the York Fairgrounds. [READ MORE](#)

## **Upcoming Advanced Biofuels Conferences and Activities: Details, Discounts, Deals**

### ***F.O. Licht's World Ethanol & Biofuels November 3-6, 2014 Budapest, Hungary***

Now in its 17th year, F.O. Licht's World Ethanol and Biofuels is the must attend event for the global ethanol and biofuels community. Recognised as the best forum for in-depth analysis and as the biggest week of trade and business in the year, this really is the annual global meeting place where fresh ideas, lots of business and new contacts are made.

F.O. Licht's World Ethanol and Biofuels conference is the No.1 networking forum for the industry, attracting a cross-section of the supply chain from all over the world.

- Hear and Meet Ethanol & Biofuel Producers from Across the Globe – 25% of Total Attendance
- Be Part of the Biggest Week of Trade and Business in the Year
- Covering all Biofuels, Biochemicals and Providing 2G Solutions
- You'll be Alongside 600+ International Executives with a Stake in this Industry
- Be Part of an Event Which Provides the Best Content Designed by Experts in the Ethanol and Biofuels Market
- More Face-To-Face Networking Opportunities [READ MORE](#)

---

***Venice 2014 – Fifth International Symposium on Energy from Biomass and Waste November 17-20 Venice, Italy***

The production of energy from alternative sources and its impact on climate change are among the main strategic tools implicated in the sustainable development of our society. Numerous types of biomass and wastes contribute towards the production of energy and reduction in the use of fossil fuels by means of biological, chemical and thermal processes. Existing biomass and waste to energy technologies are currently undergoing rapid development. Despite growing interest in the use of these technologies, in many countries their implementation remains limited.

The aim of the Venice 2014 Symposium is to focus on the advances made in the application of technologies for energy recovery from biomass and waste and to encourage discussion in these fields. The previous edition of the Symposium, held in 2012, was attended by nearly 580 scientists and operators from approximately 62 different countries.

The fifth edition of the Symposium will be held in the stunning island of San Servolo in the Venetian Lagoon and will feature:

Three days of scientific presentations

One day of guided technical tours at biochemical and thermochemical plants

Six parallel oral sessions (one of which in Italian), poster sessions and an exhibition by companies working in the field

Expected attendance of over 600 delegates from tens of different countries worldwide

The Symposium is organized by the International Waste Working Group (IWWG) with the scientific support of the Universities of Queensland, Padova, Hokkaido, Rostock, Trento and Hamburg University of Technology. [READ MORE](#)

### ***Renewable Energy Latin American & Caribbean Conference & Exhibition (RELACCx) November 20-21, 2014***

#### ***Fajardo, Puerto Rico***

Renewable Energy Latin America & Caribbean Conference & Exhibition (RELACCx, is the premier renewable energy finance and development event for Latin America and the Caribbean. This two-day conference will take an in-depth look at political and financial landscapes, prominent and emerging markets, and existing energy infrastructure to provide the audience with the tools needed to accelerate renewable energy development in these regions.

From new business models that encourage small-scale renewable energy deployment to financial mechanisms for utility-scale power plants, this conference addresses current challenges and opportunities from investor, project developer, policymaker, and regulatory perspectives. Learn from the successes of existing projects to better understand industry hurdles, and gain key insights from financial

institutions to minimize risk and increase the viability of renewable energy projects in your country.

Use **20% discount code SPT20AB** and **REGISTER TODAY!**

### ***F.O. Licht's Ethanol Latin America December 1-3, 2014 Panama***

F.O. Licht's Ethanol Latin America is a unique opportunity to network and hear from key industry players from a region that offers huge potential for expansion, trade and investment. Bringing together ethanol and biofuel producers, sugar millers, traders, technology companies, shipping and logistics companies and users of fuel, industrial and beverage ethanol – this event provides the insights and

contacts you need to succeed in this region.

Featuring specialists in ethanol plant design and operation, this is a must-attend workshop to improve your knowledge on the fundamentals of ethanol production, identifying the key factors in maximising production efficiency and implementing new technologies and finding out how best to run your plant in a sustainable and profitable manner. [READ MORE](#)

---

### ***Lignofuels 2015 January 21-22 Madrid, Spain***

On its 6th edition, this two day annual conference will once again bring together key industry stakeholders, from across the globe, to engage in interactive discussions as well as network with a variety of people. You will be joined by advanced biofuels companies, enzyme companies, biotechnology developers, chemical companies and many

more.

#### Exclusive Site Visit

We also have the exciting opportunity to visit Abengoa Bioenergy's W2B Demonstration Plant during the afternoon of Tuesday 20th January 2015 as part of the event. Only a limited number of attendees will have this opportunity.

The plant has capacity to treat 25,000 tons of municipal solid waste (MSW) from which it will obtain up to 1.5 million liters of bioethanol, using technology developed by Abengoa to produce 2nd generation biofuels from MSW using a fermentation and enzymatic hydrolysis treatment. During the transformation process, the organic matter is treated in various ways to produce organic fiber that is rich in cellulose and hemicellulose, which is subsequently converted into bioethanol.

**Advanced Biofuels USA readers/subscribers are entitled to a discount on registration. For more information, full agenda or discounted registration please contact Dimitri Pavlyk on +44 (0)203 141 0627 or [dpavlyk@acieu.net](mailto:dpavlyk@acieu.net) quoting EEF6D15.**

### ***6th Annual Next Generation Bio-Based and Sustainable Chemicals Summit February 3-5, 2015 New Orleans, LA***

Infocast's 6th Annual Next Generation Bio-Based and Sustainable Chemicals Summit debuts in New Orleans, LA, co-located with informEx for the first time to provide attendees with unparalleled networking capabilities and access to exhibitors. Bio-based tech start-ups, brand owners, chemical majors, feedstock providers, financiers, strategic venture capitalists, OEMs and retailers from around the world will once

again convene to explore bio-based chemicals as the answer to a number of market drivers. Speakers will provide a detailed overview of the most current developments the industry faces and map out a clear path of the road to commercialization. This high value networking Summit is globally recognized as the deal-making hub for the bio-based industry. We look forward to seeing you at the event our participants have praised as “The Premier Bio-Based Chemicals Conference in North America!” [READ MORE](#)

---

### ***AMI's Green Polymer Chemistry 2015 March 18-19 Cologne, Germany***

**GREEN POLYMER  
CHEMISTRY 2015**

**18-19 March 2015**  
Maritim Hotel,  
Cologne, Germany

AMI's Green Polymer Chemistry 2015 is the 4th edition of the international conference on sustainable synthesis of plastics and elastomers including materials currently available in the marketplace. The event will take place from 18-19 March 2014 at the Maritim Hotel, Cologne, Germany. The conference consists of a 2-day techno-economic

programme alongside a focused exhibition with a networking evening cocktail reception on the 18th March for all delegates and speakers.

The Green Polymer Chemistry conference is an ideal forum for today's market, as the polymer industry looks at alternatives to fossil feedstock to ensure a long-term future. The programme aims to cover:

- The latest developments in producing conventional polymers from sustainable sources, such as biorefineries, algae, waste and CO<sub>2</sub>.
- What is the LCA and carbon footprint of the alternative sources, and is there competition with food and fuel?
- Are there "green" polymers that are commercially feasible in terms of price and availability for large brand owners

Green Polymer Chemistry 2015 offers high-level professional networking, for brand owners, environment and sustainability managers, business development and

innovation professionals, chemical engineers, plastics manufacturers, agriculture specialists, biorefinery experts, biochemists, researchers and suppliers to the industry to debate sustainable, economic solutions for the polymer industry. [READ MORE](#)

---

***International Conference and Exhibition on Biopolymers and Bioplastics August 10-12, 2015 San Francisco, CA***

Biopolymers and Bioplastics-2015 is the premier event which brings together a unique and International mix of experts, researchers and decision makers both from academia and Industry across the globe to discuss the current issues and to share the research idea in the arena of biotechnology, material science, environmental science ,nanotechnology , Chemistry and other allied fields. The event includes interactive sessions, Key note speech, of Oral Presentation, Poster presentation, Scientific partnering, Exhibition etc.

Scope of the congress:

- Green Chemicals : Biopolymers and Bioplastics
- Bioplastics vs Conventional Plastics
- Future and Scope for biopolymers and Bioplastics
- Biorefineries and Industrial Biotechnology
- Current Status on Biobased Materials and Biorefining
- Biomass in Industrial development
- Case Studies: Different Uses of Bioplastics
- Ceramic Composites and Its Applications
- Biodegradation, composting, environmental issues
- Biocomposites

- Biomacromolecules and biopolymers
- Micro and Nano Blends based on Natural Polymers
- Production of other biobased/biodegradable polymers [READ MORE](#)

## Make Every Day EARTH DAY! Please DONATE!

Advanced Biofuels USA relies on Individual Contributions, Corporate Donations, In-Kind Donations and the Work of Many Volunteers to enable this organization to promote the understanding, development and use of advanced biofuels and to inspire action.

You can now make a secure donation to Advanced Biofuels USA via PayPal by clicking on the ["Donate"](#) button above. It's quick, easy and safe. Make it a year-long gift by making monthly installments automatically.

You can make your gift in memory or in honor of someone special. Just let us know. Call (301-644-1395) or send an email: [info@AdvancedBiofuelsUSA.org](mailto:info@AdvancedBiofuelsUSA.org). We'll send a special card acknowledging your gift.

Don't let this opportunity slip away! Thank you for your support.

You have received this newsletter because you indicated to us an interest in Advanced Biofuels USA. We hope you find it useful. If you want to stop receiving these occasional newsletters, just follow the instructions below.
