Scroll below news articles for details and special deals for Advanced Biofuels USA readers.

2018 January

- [Transportation Research Board \(TRB\) 97th Annual Meeting — January 7-11, 2018 — Washington, DC](#)
- [Keystone Farm Show — January 9-11, 2018 — York, PA](#) **Free admission. Scroll down for details.**
- [World Future Energy Summit — January 15-18, 2018 — Abu Dhabi, UAE](#)
- [Value of Biogas 2018 West — January 16-17, 2018 — Abbotsford, British Columbia, Canada](#)
- [3rd National Energy Education Summit — January 22, 2018 — Washington, DC](#)
- [15th International Conference on Renewable Mobility “Fuels of the Future 2018” — January 22-23, 2018 — Berlin, Germany](#)
- [18th National Conference and Global Forum on Science, Policy, and the Environment — January 23-25, 2018 — Arlington, VA](#)
- [Hydrogen & Fuel Cells Energy Summit — January 24-25, 2018 — Brussels, Belgium](#)

- [2018 Iowa Renewable Fuels Summit — January 30, 2018 — Altoona, IA](#)

February

- [Global Forum for Innovations in Agriculture — February 5-6, 2018 — Abu Dhabi, UAE](#)
- [Rethink Methane — February 6-7, 2018 — Sacramento, CA](#)
- [Lignofuels 2018 Conference — February 7-8, 2018 — Amsterdam, Netherlands](#)
- [National Ethanol Conference — February 12-14, 2018 — San Antonio, TX](#)
- [Advanced Bioeconomy Leadership Conference \(ABLC\) — February 28-March 2, 2018 — Washington, DC](#)

March

- [California Advanced Biofuels Conference — March 1, 2018 — Sacramento, CA](#)
- [ECO-BIO 2018 — March 4-8, 2018 — Dublin, Ireland](#)
- [3rd International Conference on Enzymology & Molecular Biology — March 5-6, 2018 — London, UK](#)
- [BIOKET — March 6-8, 2018 — Strasbourg, France](#)
- [Talk Climate Institute — March 12-13, 2018 — St. Paul, MN](#)
- [6th Conference on Carbon Dioxide as Feedstock for Fuels, Chemistry and Polymers — March 15-16, 2018 — Cologne, Germany](#) [Scroll down for discount information](#)
- [Carbon Capture Utilization and Storage Conference — March 19-22, 2018 — Nashville, TN](#) [Scroll down for discount information.](#)
- [World Bio Markets — March 20-22, 2018 — Amsterdam, Netherlands](#)
- [Value of Biogas 2018 East — March 22-23, 2018 — Gatineau, QC, Canada](#)
- [Smart Cities Connect Conference & Expo and US Ignite Application Summit — March 26-29, 2017 — Kansas City, MO](#)
- [BioCycle West Coast 18: Accelerating Organics Recycling — March 26-29, 2018 — San Diego, CA](#)
- [Gasification 2018 — March 28-29, 2018 — Frankfurt, Germany](#)

April

- [5th USA Science & Engineering Festival Expo — April 7-8, 2018 — Washington, DC](#)
- [International Biomass Conference & Expo — April 16-18, 2017 — Atlanta, GA](#)
- [ACI's 8th European Algae Industry Summit — April 25-26, 2018 — Vienna, Austria](#)
- [40th Symposium on Biotechnology for Fuels and Chemicals — April 29-May 2, 2018 — Clearwater Beach, FL](#)
- [Advanced Clean Transportation Expo — April 30-May 2, 2018 — Long Beach, CA](#)

May

- [Fifth Annual Forest Investment Conference — May 1-2, 2018 — New York, NY](#)
- [TechConnect World Innovation Conferences — May 13-16, 2018 — Anaheim, CA](#)
- [International Conference on Food Technology — May 14-16, 2018 — Rome, Italy](#) [Scroll down for information on registration discount](#)
- [European Biomass Conference and Exhibition \(EUBCE\) — May 14-18, 2018 — Copenhagen, Denmark](#)
- [4th Symposium on Urban Mining and Circular Economy — May 21-23, 2018 — Bergamo, Italy](#)
- [14th International Conference on Renewable Resources and Biorefineries \(RRB-14\) — May 30- June 1, 2018 — Ghent, Belgium](#)

June

- [BIO International Convention — June 4-7, 2018 — Boston, MA](#)
- [4th International Conference on Systems and Synthetic Biology — June 11-12, 2018 — Rome, Italy](#)
- [National Advanced Biofuels Conference & Expo — June 11-13, 2018 — Omaha, NE](#)
- [Fuel Ethanol Workshop \(FEW\) — June 11-13, 2018 — Omaha, NE](#)
- [22nd Annual Green Chemistry & Engineering Conference — June 18-20, 2018 — Portland, OR](#)
- [Green Chemistry & Engineering Conference — June 18-20, 2018 — Portland, OR](#)
- [Summer Institute for Climate Change Education — June 26-28, 2018 — Collegeville, MN](#)

July

- [Postgraduate Summer School on Green Chemistry — July 7-14, 2018 — Venice, Italy](#)
- [BIO World Congress on Industrial Biotechnology — July 16-19, 2018 — Philadelphia, PA](#)
- [PalmEx Malaysia 2018 — July 25-26, 2018 — Sibuloh, Sarawak, Malaysia](#)

August

- [PalmEx Thailand 2018 AND Asia Palm Oil Conference 2018 — August 16-17, 2018 — Krabi, Thailand](#)

October

- [10th PALMEX Indonesia 2018 — October 9-11, 2018 — North Sumatera, Medan, Indonesia](#)
- [Biofuels International Conference and Expo — October 10-11, 2018 — Berlin, Germany](#)
- [International Biomass Congress & Expo — October 10-11, 2018 — Berlin, Germany](#)
- [International Biogas Conference & Expo — October 10-11, 2018 — Berlin, Germany](#)

- [14th International Conference and Exhibition on Metabolomics and Systems Biology — October 15-16, 2018 — Rome, Italy](#)
- [VENICE2018 – 7th International Symposium on Energy from Biomass and Waste — October 15-18, 2018 — Venice, Italy](#)
- [World Sugar Conference 2018 — October 17-18, 2018 — Bangkok, Thailand](#)

November

- [ABLC Global 2018 — November 6-8, 2018 — San Francisco, CA](#)

2019

June

- [23rd Annual Green Chemistry & Engineering Conference — June 11-13, 2019 — Reston, VA](#)

On-Going or Regularly Scheduled Events

- [Extension Programs: NewBio Webinars 2nd Tuesdays](#)
- [Ethanol Safety Seminars Various Dates, Locations– Responding to Ethanol Emergencies – Are you Prepared?](#)
- [TerraTech on VoiceAmerica Wednesdays at 6AM Pacific Time](#)

[Read the latest by Advanced Biofuels USA correspondents here.](#)

Lots of attention to Michael Eggleston's report from the World Ethanol & Biofuels Conference. Read on....

[Can the European Union Afford to Phase Out Conventional Biofuels?](#)

December 13, 2017 –by Michael Eggleston* (Advanced Biofuels USA) On November 7th, 2017, industrial experts, leaders and policy makers alike met for the 20th Annual World Ethanol & Biofuels Conference held in Brussels, Belgium to discuss how the ...

Future Activities: Come See Us!

We will be covering the occasional events related to biofuels. Look for us!

Visit our Exhibit at the Keystone Farm Show from January 9-11, 2018 in York, PA

Thanks to the generosity of Lee Publications, **Peggy Alpert, Bob Kozak and Joanne Ivancic** will again staff the Advanced Biofuels USA exhibit at the "Farm Show for Farmers" in York, PA.

Always an opportunity to learn as much as we teach, we look forward to seeing you at the farm show. **For free admission ticket as our guest, email your request to info@advancedbiofuelsUSA.org [READ MORE](#)**

**Visit with Michael EGGLESTON at Fuels of the Future: 15th Annual Conference on
FUELS OF THE FUTURE Renewable Mobility, January 22-23, 2018, in
Berlin, Germany**

Advanced Biofuels USA offers opportunities for students interested in the intersection of science, engineering and policy to cover conferences and write articles about the presentations and their experiences. Michael EGGLESTON, a Rhode Island University chemical engineering student is representing Advanced Biofuels USA the Fuels of the Future conference. You are invited to meet him and let him know what you are working on in this field. [READ MORE](#)

**We'll be there! See You at ABLC in Washington DC -- February 28-March 2,
2018**

A not-to-miss event covering all the topics related to biofuels, with special attention to policy issues and a location that's convenient for federal agency staff.

Advanced Biofuels USA will have representatives there. Come say "Hi!" [READ MORE](#)

**Michael EGGLESTON Will Cover the 6th Conference on Carbon Dioxide as
Feedstock for Fuels, Chemistry and Polymers — March 15-16, 2018 —
Cologne, Germany**

**15 – 16 March 2018
Cologne (Germany)**

Michael EGGLESTON, a Rhode Island University chemical engineering student, while studying in Germany for a year is also trying his hand at journalism, writing white papers on specific topics, and covering a number of conferences for Advanced Biofuels USA. He will be writing about his experiences and what he learns at this CO2 conference. You are invited to take the opportunity to say hello and share your insights and thoughts. [READ MORE](#)

Keystone Farm Show — January 9-11, 2018 — York, PA

***The Largest Commercial
Farm Equipment &
Service Provider Trade
Show in The State of
Pennsylvania!!***

The Keystone Farm Show is the fastest growing farm show on the East Coast! Started in January of 1998 to address the needs of agrimarketers in the Mid-Atlantic area, the show has nearly tripled in size! The Keystone Farm Show has been extended to 3 days to accommodate the increase in attendance. This show targets only full-time farmers in Pennsylvania, New Jersey, Maryland, and Northern Virginia. Since its inception, the Keystone Farm Show has tripled in number of exhibitors and uses all available space at the York Fairgrounds including the newly refurbished

Heritage Hall. This show is only marketed to full-time farmers through the agricultural print media in the geographical area covered by Country Folks weekly farm newspapers. [READ](#)

Fuels of the Future: 15th Annual Conference on Renewable Mobility — January 22-23, 2018 — Berlin, Germany

As the highlight event of the German and European biofuel industry the conference is a must-attend event for the exchange with German and international stakeholders from politics, the industry and research.

The contents of the conference program have been extended to account for the increasing diversification of engine technologies as well as the research and production of various fuels from renewable energy sources.

The comprehensive program covers a diversity of all topics relevant for improving climate protection in the transport sector.

Subsequently, a total of 11 forums will deal with a broad range of topics from all areas of renewable energies in the mobility sector: German and international experts will present the latest from technical development, research, certification, market analysis and trade flows and engage in discussions with the conference participants. Power-To-X and biomethane are also covered like emissions reduction in the transport sector.

During these talks and in the Exhibitor Forum with information booths, the conference participants will find many opportunities for professional exchange and networking. [READ MORE](#)

Lignofuels 2018 Conference — February 7-8, 2018 — Amsterdam, Netherlands

Following the success of this year's conference in Helsinki, Finland with an exclusive site visit to UPM Lappeenranta Biorefinery we are delighted to announce that next Lignofuels 2018 Conference will be taking place on 7th & 8th February in Amsterdam, The Netherlands.

Already on its 10th edition, this two day conference will bring together key lignofuels stakeholders to join our forum discussions and networking, including leaders from advanced generation biofuels companies from across the globe represented by Technical, Strategic and Business Development Executives from First and Advanced Generation Biofuels Producers, Oil Refiners, Process Technology Providers, Enzyme Developers, Engineering Firms and Agribusiness as well as Financiers, Investors, Policy & Regulators, Automotive & Aviation Industries, Consultants, Traders & Brokers and Chemical Companies.

Exclusive Site Visit: BTG-BTL Empyro Pyrolysis Plant

A day prior the conference, a limited number of conference attendees will have a unique opportunity to join an exclusive site visit to BTG-BTL Empyro Pyrolysis Plant. There is no extra charge to join the site visit, although places are limited and allocated to the conference attendees on first come first served basis. Therefore, we would strongly suggest to book your place early to avoid disappointment. [READ MORE](#)

Advanced Bioeconomy Leadership Conference (ABLC) — February 28-March

2, 2018 — Washington, DC

Biofuels Digest

The theme of the conference is “[Network Like Crazy](#)” and more than 250 organizations and technologies will be on hand – to build supply chains, value chains, investor support, assess trends, chart policy needs and measure policy support. At ABLC, not only do you meet top company execs, you get the low-down on what’s real.

Policy, finance, partnerships, world class R&D and effective scale-up – all the major companies presented, the opening session with the heads of all the top trade associations, to in-depth updates from the key government agencies, and the special Financing & Investing Workshop: You’ll know what’s working for 2018. You’ll know what’s working for 2019 and beyond.

ABLC Next will feature five distinct conference experiences:

1. The Advanced Biofuels Summit
2. The Renewable Chemicals & Biomaterials Summit
3. The ABLC Crops & Feedstocks Summit
4. The Sustainable Aviation Fuels Summi
5. The Development & Deployment Showcase [READ MORE](#)

ECO-BIO 2018 — March 4-8, 2018 — Dublin, Ireland

One of the main challenges of today’s society involves the much needed transition from an almost exclusively fossil-based economy to a more sustainable one, in order to counteract and reduce the emissions of greenhouse gases and associated rise in global warming.

ECO-BIO 2018 provides a platform where industries, scientists, NGOs and governments will meet each other to discuss the needs of a biobased economy from an academic, environmental and societal point of

view including:

The latest research and innovation in biobased products and processes
How we embed the biobased economy in society
Encouraging new research partnerships to enable new cascaded biobased value chains
These developments will have a hugely positive impact on sustainability issues and our future economies. It is time to upscale our innovations and turn them into real, practical solutions.

ECO-BIO 2018 will bring together representatives from both academia and industry to highlight

progress and recent developments and the necessary steps to make the biobased economy a reality.

Taking place over two and a half days, ECO-BIO 2018 will comprise plenary talks and forum discussions, parallel sessions, posters and an exhibition together with optional company visits.

6th Conference on Carbon Dioxide as Feedstock for Fuels, Chemistry and Polymers — March 15-16, 2018 — Cologne, Germany

6th Conference on CO₂

15 – 16 March 2018
Cologne (Germany)

www.co2-chemistry.eu

Meet leading international experts at one of the leading events on Carbon Capture and Utilization (CCU) in the world! Big visions – and also real potential! The usage of carbon dioxide, among experts referred to as Carbon Capture & Utilization (CCU), is gaining momentum.

First commercial production of CO₂-based polymers has been launched, several additional technologies have progressed so far to allow production on an industrial scale in

the near future – with advanced biotechnology and chemical catalysis. At the same time are renewable energy from solar, wind and hydro becoming cheaper each year and the latest plants at favourable locations are already at the same price level as fossil energy sources and even below. A perfect situation for combining cheap and abundant renewables with carbon utilization to store energy, to produce renewable fuels and chemicals.

Renewable energy and CCU will reshape the energy system of the future and the chemical industry, too. Join the revolution, visit the conference, meet the leading entrepreneurs of the new industry.

Leading players will showcase enhanced and new applications using CO₂ as feedstock. The conference will have four main themes; Policy & Visions, Artificial Photosynthesis & H₂ Generation, Chemicals & Polymers and CO₂-based Fuels and features a mix of keynote, oral and poster presentations.

Receive a 10% discount using the Allowance Code ABFUSA18 during online registration.

Carbon Capture Utilization and Storage Conference — March 19-22, 2018 — Nashville, TN

The CCUS Conference is designed for U.S. and international leaders, technical experts, researchers, and industry executives in the field of carbon capture, utilization and storage to gather and discuss efforts to decarbonize the energy and industrial sectors.

Carbon capture and storage (CCS) technologies have the potential to secure up to 90% of CO₂ emissions, however this technology is just reaching maturity. This Conference brings together carbon capture and GHG reduction technology decision-

makers, scientists, and government officials to network, get high-level strategic update, hear case studies on emerging technologies and connect on research in the industry to advance this important technology.

Session topics include:

- Carbon Capture Policy
- Major CCUS Projects
- CCS as a Bipartisan Issue
- CCS from a Global Perspective

Technical sessions include capture, utilization, storage, storage-monitoring and policy. Poster sessions are also presented on the exhibit floor of the ELECTRIC POWER Conference + Exhibition. For the second year, CCUS will be co-locating with ELECTRIC POWER Conference + Exhibition. [READ MORE](#) Register with this link and Use Code ABUSA for discount.

Gasification 2018 — March 28-29, 2018 — Frankfurt, Germany

ACI's 7th Annual Gasification Summit, taking place on first quarter of 2018 in Frankfurt, Germany, will comprise two days of formal presentations, interactive roundtable discussions and excellent networking opportunities, providing an ideal setting to convene with your peers to discuss both current operational & future planned gasification plants, end product markets, potential barriers & support policies as well as project economics & finance. [READ MORE](#)

International Biomass Conference & Expo — April 16-18, 2017 — Atlanta, GA

INTERNATIONAL
BIOMASS
CONFERENCE & EXPO
April 16-18, 2018
Cobb Galleria Centre
Atlanta, GA

International Biomass Conference & Expo is where future and existing producers of biobased power, fuels and thermal energy products go to network with waste generators and other industry suppliers and technology providers. It's where project developers converse with utility executives; where researchers and technology developers rub elbows with venture capitalists; and where Fortune 500 executives and influential policy makers sit side-by-side with American farmers and foresters.

Organized by BBI International and produced by Biomass Magazine, this event brings current and future producers of bioenergy and biobased products together with waste generators, energy crop growers, municipal leaders, utility executives, technology providers, equipment manufacturers, project developers, investors and policy makers. International Biomass Conference & Expo is the largest, fastest-growing event of its kind. In 2018, this event is expected to draw nearly 1,200 attendees. In 2017, the event drew more than 1,000 attendees, doubling the attendance of the inaugural show. This growth is fueled by a world-class Expo and an acclaimed program. [READ MORE](#)

European Biomass Conference and Exhibition (EUBCE) — May 14-18, 2018 — Copenhagen, Denmark

The EUBCE covers the entire value chain of biomass to conduct business, to network, and to present and discuss the latest developments and innovations.

The EUBCE is supported by European and international organizations such as the European Commission, UNESCO – United Nations Educational, Scientific and Cultural Organization, Natural Sciences Sector, EUBIA – the European Biomass Industry Association, WCRE – the World Council for Renewable Energy and further organisations.

The Technical Programme is coordinated by the European Commission, Joint Research Centre.

The EUBCE provides: A high-level Scientific Programme; Parallel events; and it attracts participants from a wide-ranging background: researchers, engineers, technologists, standards organisations, policy and decision makers, financing institutions
Research & industrial exhibitors [READ MORE](#)

International Conference on Food Technology — May 14-16, 2018 — Rome, Italy

Theme: Optimizing food and nutritional demand with the help of recent technologies -- Food technology 2018 is hosted by EuroSciCon and it focuses on the major issues of food scarcity and nutritional imbalance in people. This is of great concern as the survival of future generation is at stake. Food is essential to live and nutrients to stay healthy so we invite Researchers, Food Technologists, Nutritionists, Academicians, Industrialists and Dietitians to give the world a better solution to this problem. The conference will be a platform to globalize one research, to share scientific

experiences, to gain knowledge on new technologies and regulations. The conference is scheduled on May 14-16, 2018 in Rome, Italy. We invite sponsors and exhibitor to showcase your products to our participants and make it reach the public through them. We request you to make use of this opportunity to make the world a better place to live in. [READ MORE](#) For 15% discount on registration fees, use the code ESCAB101

4th Symposium on Urban Mining and Circular Economy — May 21-23, 2018— Bergamo, Italy

Following the great success of the third edition held in 2016, which saw the participation of almost 300 delegates from a wide variety of countries, SUM 2018 / 4th Symposium on Urban Mining and Circular Economy will be held in the old Monastery of Saint Augustine in Bergamo upper city, in May 2018.

To achieve a virtuous application and optimization of current practice, urban mining and circular economy are dependent on the appropriate combination of three worlds (TRIANGLE concept): research and technology (private and public) / administration, economy and industry / policy and regulation. This combination is equally important in other fields of waste management, although is of paramount relevance for a Circular Economy. SUM 2018 will focus on all relevant and innovative aspects relating to these three worlds. The Symposium will last three days and will include oral sessions, a poster session and a technical tour. National Advanced Biofuels Conference & Expo — June 11-13, 2018 — Omaha, NE

With a vertically integrated program and audience, the National Advanced Biofuels Conference & Expo is tailored for industry professionals engaged in producing, developing and deploying advanced biofuels including cellulosic ethanol, biobased platform chemicals, polymers and other renewable molecules that have the potential to meet or exceed the performance of petroleum-derived products. [READ MORE](#)

Fuel Ethanol Workshop (FEW) — June 11-13, 2018 — Omaha, NE

Now in its 34th year, the FEW provides the global ethanol industry with cutting-edge content and unparalleled networking opportunities in a dynamic business-to-business environment. The FEW is the largest, longest running ethanol conference in the world—and the only event powered by Ethanol Producer Magazine.

From its inception, the mission of the event has remained constant: The FEW delivers timely presentations with a strong focus on commercial-scale ethanol production – from quality control and yield maximization to regulatory compliance and fiscal management. The FEW is also the ethanol industry's premier forum for unveiling new technologies and research findings. The program extensively covers cellulosic ethanol while remaining committed to optimizing existing grain ethanol operations. [READ MORE](#)

10th PALMEX Indonesia 2018 — October 9-11, 2018 — North Sumatera, Medan, Indonesia

The 10th PALMEX Indonesia 2018 is the only specialized Palm Oil event in Asia that brings together an international congregation of both upstream and downstream palm oil companies and also its supporting industries gathered in the capital city of North Sumatera, Medan to showcase the latest developments in the palm oil industry.

North Sumatera, home to one of Indonesia's largest concentration of oil palm plantations and also the presence of many supporting facilities such as palm oil processing plants making its capital Medan the perfect venue for the show. This unique event seeks to educate the public on the importance of the palm oil industry in Indonesia and the future trends of palm oil in the region. More than 7,000 industry professionals from more than 10 countries would be expected

to turn up at this event. The international character and regional audience of PALMEX Indonesia 2018 provides unparalleled marketing, education and networking opportunities. [READ MORE](#)

VENICE2018 – 7th International Symposium on Energy from Biomass and Waste — October 15-18, 2018 — Venice, Italy

The production of energy from alternative sources and its impact on climate change are among the main strategic tools implicated in the sustainable development of our society. Numerous types of biomass and wastes contribute towards the production of energy and reduction in the use of fossil fuels by means of biological, chemical and thermal processes.

Existing biomass and waste to energy technologies are currently undergoing rapid development. Despite growing interest in the use of these technologies, in many countries their implementation remains limited.

The aim of the Venice 2018 Symposium is to focus on the advances made in the application of technologies for energy recovery from biomass and waste and to encourage discussion in these fields. The previous edition of the Symposium, held in 2016, was attended by over 500 scientists and operators from approximately 57 different countries.

The seventh edition of the Symposium will feature:

- Three days of scientific presentations
- One day of guided technical tours at biochemical and thermochemical plants
- Six parallel oral sessions, poster sessions and an exhibition by companies working in the field
- Expected attendance of over 600 delegates from tens of different countries worldwide [READ MORE](#)
